1. NATURE OF OPERATIONS

On March 25, 2019, Altitude Resources Inc. (“Altitude”), 2657152 Ontario Inc. (“Newco”), a wholly-owned subsidiary of Altitude and Vibe Bioscience Corporation (“Vibe”) completed a three-cornered amalgamation whereby Vibe amalgamated with Newco and completed a reverse take-over of Altitude (the “Altitude Reverse Take-over”). The Altitude Reverse Take-over was completed by issuing 6.883 common shares of Altitude in exchange for each Class A common share of Vibe, resulting in Vibe becoming a wholly-owned subsidiary of Altitude with the former shareholders of Vibe acquiring a controlling interest in Altitude. In connection with the Altitude Reverse Take-over, Altitude delisted its shares on the TSX Venture Exchange, changed its name to Vibe Bioscience Ltd. (the “Company”), completed a listing on the Canadian Securities Exchange under the ticker symbol “VIBE” and consolidated its issued and outstanding common shares on a basis of 12 to 1. The Company’s Canadian head office is located at #214, 2505 - 17 Ave SW Calgary, Alberta T3E 7V3 and its U.S. head office is located at 8112 Alpine Ave Sacramento, California 95826.

Prior to the Altitude Reverse Take-over, Altitude did not operate an active business. The current operations of the Company are conducted through Vibe which was incorporated under the laws of the Province of Ontario on June 11, 2018. The Company’s business is to evaluate, acquire and develop cannabis cultivation and manufacturing assets and retail cannabis dispensaries, predominantly in the U.S., in order to become a vertically integrated cannabis operator. For accounting and presentation purposes, the consolidated financial statements reflect the results of operations of Vibe, the accounting acquirer, with the exception of the number of shares which were retroactively adjusted to reflect the legal capital of the Company.

In addition to the 6.883 to 1 share exchange and 12 to 1 share consolidation of Vibe’s Class A Common Shares prior to the completion of the Altitude Reverse Takeover noted above, Vibe completed a share split on a 1 to 1.511 basis following the completion of certain private placements of Vibe’s Class A common shares completed in February and March 2019 (see note 11). All results presented as at and for the three and nine months ended September 30, 2019, including comparative results, related to common share, per common share amounts and stock options and related exercise prices reflect the share exchange, consolidation and split.

2. BASIS OF PRESENTATION

(a) Statement of compliance

These unaudited condensed consolidated financial statements as at and for the three and nine months ended September 30, 2019 have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) based on International Accounting Standard (“IAS”) 34 - *Interim Financial Reporting*.

These unaudited condensed consolidated financial statements were prepared by management and follow the same accounting policies and methods as the audited consolidated financial statements as at and for the period from June 11 to December 31, 2018, except for the adoption of new standards effective January 1, 2019 and the change in reporting currency, both described below. However, these unaudited condensed consolidated financial statements do not contain all the disclosures required for the annual consolidated financial statements. Therefore, these unaudited condensed consolidated financial statements should be read in conjunction with (i) the Company’s audited consolidated financial statements and related note disclosures as at and for the period from June 11 to December 31, 2018 which are included in the Company’s Listing Statement dated March 25, 2019 filed in connection with the Altitude Reverse Take-over, and (ii) the Company's unaudited condensed consolidated financial statements and related note disclosures as at and for the three months ended March 31, 2019 and September 30, 2019, all of which are available on the Company's SEDAR profile at www.sedar.com.

These unaudited condensed consolidated financial statements were approved by the Company's Board of Directors on November 27, 2019.

(b) Measurement basis

These unaudited condensed consolidated financial statements are presented in U.S. dollars ("USD"), assuming the Company will continue as a going concern for the foreseeable future and are prepared on a historical cost basis unless specifically described within these notes.

The audited consolidated financial statements for the period from June 11 to December 31, 2018 were presented in Canadian dollars ("CAD"). However, the comparative results presented in these condensed consolidated financial statements are presented in USD. Assets and liabilities at December 31, 2018 that are denominated in CAD are translated into USD at $0.7330 which is the exchange rate in effect at December 31, 2018. Items of income and expense for the period from June 11 to December 31, 2018 that are denominated in CAD are translated into USD at $0.7609 which is the average exchange rate for the period. The resulting loss from translating CAD denominated balances into USD totals $206,680 and is included in accumulated other comprehensive loss in the consolidated statement of financial position at December 31, 2018.

The following table presents the impact of the change in reporting currency on the Company's assets and liabilities at December 31, 2018:

	Previously reported (CAD)	Reported in USD
Total assets - CAD denominated	$ 7,221,648	$ 5,294,288
Total assets - USD denominated	1,968,961	1,450,575
Total assets	**$ 9,190,609**	**$ 6,744,863**
Total liabilities - CAD denominated	$ 1,011,721	$ 741,568
Total liabilities - USD denominated	268,264	203,159
Total liabilities	**$ 1,279,985**	**$ 944,727**
Deficit	**$ (4,409,586)**	**$ (3,355,083)**

(c) Basis of consolidation

These unaudited condensed consolidated financial statements include the accounts of the Company and the following subsidiaries:

Subsidiary	Jurisdiction of incorporation
Vibe Bioscience Corporation	Ontario, Canada
Vibe Investments, LLC (formerly Hype Bioscience Inc.) ("Hype U.S.")	Nevada, U.S.A
Vibe by California Inc. (formerly Vibe Bioscience Inc.) ("Vibe U.S.")	Nevada, U.S.A
Hype Bioscience Corporation ("Hype Canada")	Alberta, Canada
Port City Alternative of Stockton Inc. ("Port City")	California, U.S.A
Vibe Cultivation LLC (formerly Alpine CNAA LLC) ("Alpine Cultivation")	California, U.S.A
Alpine Alternative Naturopathic Inc. ("Alpine Alternative")	California, U.S.A

All subsidiaries are wholly-owned by the Company. Subsidiaries are consolidated from the date of acquisition, being the date on which the Company obtains control, and continue to be consolidated until the date that such control ceases. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity and is exposed to the variable returns from its activities. All material intercompany accounts and transactions have been eliminated.

(d) Use of judgements, estimates and assumptions

The preparation of these unaudited condensed consolidated financial statements requires management to make judgements and estimates that affect the application of policies and reported amounts of assets and liabilities, and revenue and expenses. The judgements and estimates applied are based on historical experience and various other factors and assumptions that are believed to be reasonable under the circumstances. However, actual experience may differ from the results achieved by applying significant judgements and estimates. Revisions to accounting estimates are recognized in the period in which the estimate is revised and applied on a prospective basis.

Significant judgements, estimates and assumptions within these unaudited condensed consolidated financial statements remain the same as those applied to the consolidated financial statements for the period from June 11, 2018 to December 31, 2018 and the unaudited condensed consolidated financial statements for the three and nine months ended September 30, 2019.

(e) Seasonality of operations

The Company's operations are seasonal in nature as they are generally impacted by weather conditions. Specifically, the Company realizes higher revenue in the summer months of April through September as a result of warmer weather and the associated increase in outdoor activity by recreational adult-use cannabis customers. Conversely, the winter months of October to December can see a decrease in revenue arising from the harvest of cannabis plants by individual cannabis users pursuant to California state law which allows the harvest of a certain number of cannabis plants for personal use.

In United States Dollars

(f) New standards adopted

Effective January 1, 2019, the Company adopted *IFRS 16 – Leases* ("IFRS 16") which replaces IAS 17 – *Leases* ("IAS 17*)* and related interpretations. The Company adopted IFRS 16 using the modified retrospective approach whereby comparative results for the period ended December 31, 2018 are not restated. Comparative results for the period from June 11 to December 31, 2018 remain as previously reported under IAS 17 and related interpretations.

On initial application of IFRS 16, the Company elected to record a right-of-use asset based on the corresponding lease liability. A right-of-use asset and related lease obligation of $133,304 were recorded as of January 1, 2019, with no net impact on retained earnings. When measuring the obligation, the Company discounted lease payments at 6% which is the Company's incremental borrowing rate specifically related to the asset under lease at January 1, 2019. The Company is depreciating the associated right-of-use asset over 80 months which the remaining term of the underlying lease at January 1, 2019. The Company elected to apply the practical expedient for leases with terms ending within 12 months of the date of initial application as short-term leases, whereby the associated lease payments continue to be expensed on a straight-line basis.

3. REVERSE TAKE-OVER AND BUSINESS COMBINATIONS

(a) Altitude Reverse Take-over

On March 25, 2019, Altitude, Newco and Vibe completed a three-cornered amalgamation whereby Vibe amalgamated with Newco and together completed the Altitude Reverse Take-over. The Altitude Reverse Take-over was completed by issuing 6.883 common shares of Altitude in exchange for each Class A common share of Vibe resulting in Vibe becoming a wholly-owned subsidiary of Altitude with the former shareholders of Vibe acquiring a controlling interest in the amalgamated company. The Company issued 2,197,992 common shares at a fair value of $850,620 ($0.39 per share) to complete the Altitude Reverse Take-over. In addition, certain former shareholders of Altitude are to receive $34,625 (CAD $46,467) of cash to complete the Altitude Reverse Take-over. The total consideration paid in connection with the Altitude Reverse Take-over is applied to the fair value of net assets remaining of Altitude as follows:

	March 25, 2019
Net assets	
Accounts receivable - Proceeds from Atrum Shares	$ 482,815
Accounts receivable - Proceeds from Palisades Assets	-
Accounts receivable - additional cash proceeds due	105,440
Accounts payable and accrued liabilities	(185,747)
Notes payable	(81,967)
Total net assets acquired	**320,541**
Listing fee	564,704
Total acquisition	**$ 885,245**
Consideration	
Fair value of common shares (2,197,992 shares)	**$ 850,620**
Cash	34,625
Total consideration	**$ 885,245**

Prior to completion of the Altitude Reverse Take-over, Altitude did not operate an active business. Accordingly, the transaction does not constitute a business combination and is accounted for as a capital transaction in substance.

Certain mining and other assets included in Altitude immediately prior to the Altitude Reverse Take-over were sold to an entity owned by certain former shareholders of Altitude including the following:

(i) *Common shares of Atrum Coal Limited ("Atrum Shares").* Altitude owned 2,953,674 common shares of Atrum Coal Limited which is a publicly traded entity on the Australian Stock Exchange. A condition of the Altitude Reverse Takeover was the proceeds of the sale of the Atrum Shares were due to the Company. The Atrum Shares were sold on May 6, 2019 for net proceeds totaling CAD $799,115 and the cash proceeds were remitted to the Company in August 2019. Prior to the Company receiving the proceeds from the sale of the Atrum Shares, the underlying receivable was recognized as a financial asset measured at fair value through profit and loss ("FVTPL"). Accordingly, the Company recorded a gain on the fair value measurement of the Atrum Share proceeds totaling $113,195 for the nine months ended September 30, 2019, respectively. The calculation of the gain on the Atrum Share proceeds due was based on Level 1 Inputs in the fair value hierarchy.

(ii) *Palisades mining assets.* Altitude owned certain partially developed mining assets in Alberta, Canada ("Palisades Assets"). The proceeds from the sale of the Palisades Assets are due to the Company; however, the Palisades Assets remain unsold at September 30, 2019. The fair value of the Palisades Assets was determined to be $nil as there has not been any specific buyer identified to date, and it is unclear if a buyer will be found for the Palisades Assets in the near term.

(iii) *Additional cash proceeds due.* Altitude owned other mining assets in Alberta, Canada at various stages of development. The proceeds from the sale of the other mining assets total $105,440. The additional cash proceeds were collected in August 2019.

The Reverse Take-over was completed to provide the Company with a public listing on the Canadian Securities Exchange. Accordingly, the excess of the consideration paid over the acquired net assets, totaling $564,704, is expensed as listing costs in the unaudited condensed consolidated statement of operations and comprehensive loss for the nine months ended September 30, 2019.

(b) Acquisition of U.S. Targets (the "U.S. Acquisition")

On February 18, 2019, the Company simultaneously acquired the issued and outstanding securities of (i) Port City, (ii) 8130 Alpine LLC ("8130 Alpine"), (iii) Alpine Cultivation, and (iv) Alpine Alternative (collectively, the "U.S. Targets") and began operating its cannabis business on a combined basis. Prior to the U.S. Acquisition, the U.S. Targets were under common control but had separate operating structures and business models that required separate acquisition structures and purchase and sale agreements for each of the U.S. Targets (except as described below). Accordingly, for financial statement purposes, the acquisition of each of the U.S. Targets is accounted for as a separate business combination requiring a separate allocation of purchase price over each set of net assets acquired in accordance with the terms and conditions of each purchase and sale agreement (except as noted below). Each of the business combinations are described in detail below and reflect the share exchange, consolidation and split referenced in note 1.

In United States Dollars

The U.S. Targets acquired are as follows:

(i) *Port City.* The Company acquired all the issued and outstanding securities of Port City for total consideration of $1,931,838 consisting of $984,321 in cash and the issuance of 2,420,300 common shares of the Company with a calculated value of $947,517. The total purchase price is allocated to the fair value of the net assets acquired as follows:

	February 18, 2019
Net assets acquired	
Cash	$ 124,987
Working capital deficit, excluding cash	(178,285)
Due from other U.S. Targets	173,839
Right-of-use asset	769,397
Property and equipment	70,991
Intangible assets	
License	960,000
Lease liability	(760,500)
Deferred income tax liability	(271,000)
Goodwill	1,042,409
	$ 1,931,838
Consideration	
Cash at closing	$ 1,046,000
Estimated cash to be paid for working capital adjustment	(61,679)
Total cash consideration	984,321
Common shares of the Company	947,517
	$ 1,931,838

The total consideration due in the Port City acquisition was subject to final working capital adjustment that resulted in a $61,679 favorable adjustment to the total purchase price paid by the Company at closing. All amounts held in escrow pending settlement of the final working capital adjustment were distributed in the three months ended September 30, 2019.

The Company previously acquired a 20% non-controlling interest in Port City for cash proceeds totaling $800,000 of which $250,000 and $550,000 was paid in December 2018 and January 2019, respectively. The fair value of the Company's 20% interest immediately prior to the Port City acquisition was $385,000 resulting in a loss on the original investment in Port City of $415,000. The loss on investment is recorded in the unaudited condensed consolidated statement of operations and comprehensive loss the nine months ended September 30, 2019.

In United States Dollars

The Port City acquisition provides the Company with established, cash flow positive medicinal and adult recreational use dispensary operations in Stockton, California. Goodwill realized in the Port City acquisition is largely a result of the assembled work force, customer networks and loyalty and synergies expected from fully combining and integrating the Port City operations with the operations of the other acquired U.S. Targets. None of the goodwill recognized is expected to be deductible for tax purposes.

(ii) Alpine CNAA LLC (now Vibe Cultivation LLC) and 8130 Alpine LLC (collectively "Alpine Cultivation"). The Company entered into separate acquisition agreements with Alpine CNAA LLC and 8130 Alpine LLC. However, the entities operated in conjunction with each other prior to the acquisition and completed a merger immediately following the closing the acquisition. Accordingly, the acquisition of each of Alpine CNAA LLC and 8130 Alpine LLC are considered one acquisition (i.e. Alpine Cultivation) for financial statement purposes.

The Company acquired all the issued and outstanding securities of Alpine Cultivation for total consideration of $2,644,878 consisting of $1,042,374 in cash and the issuance of 4,093,373 common shares of the Company with a calculated value of $1,602,504. The total purchase price is allocated to the fair value of the net assets acquired as follows:

	February 18, 2019
Net assets acquired	
Cash	$ -
Working capital, excluding cash and biological assets	68,119
Biological assets	89,494
Due to other U.S. Targets	(291,674)
Property and equipment	309,442
Intangible assets	
License	200,000
Trademark	78,500
Note payable	(18,963)
Deferred income tax liability	(105,000)

Estimated cash to be paid for working capital adjustment	38,374
Total cash consideration	1,042,374
Common shares of the Company	1,602,504
	$ 2,644,878

The total consideration due in the Alpine Cultivation acquisition was subject to final working capital adjustment that resulted in additional consideration paid by the Company totaling $38,374. All amounts held in escrow pending settlement of the final working capital adjustment were distributed in the three months ended September 30, 2019.

In United States Dollars

The Alpine Cultivation acquisition provides the Company with cannabis cultivation and manufacturing facilities in Sacramento, California that supports the Company's vertical integration strategy. Goodwill realized in the Alpine acquisition is largely a result of the assembled work force and synergies expected from fully combining and integrating the Alpine operations with the operations of the other acquired U.S. Targets. None of the goodwill recognized is expected to be deductible for tax purposes.

(iii) *Alpine Alternative.* The Company acquired all the issued and outstanding securities of Alpine Alternative for total consideration of $2,842,825 consisting of $1,158,809 in cash and the issuance of 4,301,483 common shares of the Company with a value of $1,684,016. The total purchase price is allocated to the fair value of the net assets acquired as follows:

	February 18, 2019
Net assets acquired	
Cash	$ 174,162
Working capital deficit, excluding cash	(755,537)
Due from other U.S. Targets	117,835

Total cash consideration	1,158,809
Common shares of the Company	1,684,016
	$ 2,842,825

The total consideration due in the Alpine Alternative acquisition was subject to final working capital adjustment that resulted in a $591,191 favorable adjustment to the total purchase price paid by the Company at closing. All amounts held in escrow pending settlement of the final working capital adjustment were distributed in the three months ended September 30, 2019.

The Alpine Alternative acquisition provides the Company with established, cash flow positive medicinal and adult recreational use dispensary operations in Sacramento, California. Goodwill realized in the Alpine Alternative acquisition is largely a result of the assembled work force, customer networks and loyalty and synergies expected from fully combining and integrating the Alpine Alternative operations with the operations of the other acquired U.S. Targets. None of the goodwill recognized is expected to be deductible for tax purposes.

(c) Purchase price allocations subject to change

The purchase price allocation for the acquisition of each of the U.S. Targets as outlined above reflect various fair value estimates and analyses which are subject to change within the measurement period. The primary areas of the purchase price allocation that are subject to change relate to the fair values of certain tangible assets, the valuation of intangible assets acquired and residual goodwill. The Company expects to continue to obtain information to assist in determining the fair value of net assets acquired at the acquisition date during the measurement period. Material measurement period adjustments will be applied retrospectively to the period of acquisition in the Company's consolidated financial statements and, depending on the nature of adjustments, other periods subsequent to the period of acquisition could also be affected. The Company expects to finalize the accounting for the acquisition of each of the U.S. Targets by December 31, 2019.

(d) NGEV, Inc. acquisition

In connection with the acquisition of the U.S. Targets, Vibe also entered into a purchase and sale agreement to acquire all of the issued and outstanding securities of NGEV, Inc. ("NGEV"). However, the acquisition of NGEV was conditional upon NGEV obtaining a license from the State of California to operate as a cannabis cultivation facility (the "NGEV License"). The NGEV License was not obtained and the NGEV purchase and sale agreement was terminated by the Company in May 2019.

Although the acquisition of NGEV was never completed, the Company funded the operations of NGEV through May, 2019. Approximately $320,000 of expenses of NGEV were funded by the Company in the nine months ended September 30, 2019, which are included as other expenses in the unaudited condensed consolidated statement of operations and comprehensive loss.

(e) Cash deposit

In addition to the $250,000 paid in connection with acquiring a non-controlling interest in Port City described above, the Company also advanced $300,000 to the vendors of the U.S. Targets as a deposit on the final proceeds to be paid on closing the U.S. Acquisition. The total $550,000 cash paid was recorded as an investment at December 31, 2018 and became part of the total purchase price paid in the U.S. Acquisition on February 18, 2019.

(f) Transaction expenses

The Company incurred total transaction expenses in connection with the Altitude Reverse Take-over and the acquisition of the U.S. Targets totaling $455,644 in the nine months ended September 30, 2019. Transaction expenses are disclosed separately in the unaudited condensed consolidated statement of operations and comprehensive loss.

4. RESTRICTED CASH

The restricted cash balance at December 31, 2018 consists of subscriptions received for the purchase of the Company's common shares. The shares were issued in the nine months ended September 30, 2019 (Note 11).

5. BIOLOGICAL ASSETS

Biological assets consist of cannabis plants which were acquired in connection with the Alpine Cultivation acquisition. The changes in the carrying value of the biological assets for the nine months ended September 30, 2019 are as follows (note the Company did not have biological assets prior to the acquisition of the U.S. Targets on February 18, 2019):

	September 30, 2019
Balance, beginning of period	$ -
Biological assets acquired from U.S. Targets	89,494
Changes in fair value less cost to sell due to biological transformation	(1,656)
Transferred to inventory upon harvest	7,681
Balance, end of period	**$ 95,519**

The Company values biological assets at the end of each reporting period at fair value less costs to sell ("FVLCS"). The determination of fair value less costs to sell is based a valuation model that estimates the expected harvest yield per plant applied to the estimated wholesale price per gram, less estimated selling costs. The model also considers the stage of the biological asset in the aggregate plant life cycle.

The valuation model includes the following estimates, all of which are Level 3 inputs in the fair value hierarchy:

(i) Average number of weeks in the growing cycle (from propagation to harvest) = 17 weeks based on historical results.

(ii) Average wholesale selling price of whole flower = $3.50 per gram based on historical and expected future sales.

(iii) Average harvest yield of whole flower = 59 grams per plant, net of expected wastage, based on historical results.

(iv) Selling costs (shipping, order fulfillment, and labelling) = $0.50 per gram based on historical results.

In United States Dollars

The above inputs are subject to volatility and uncontrollable factors which could significantly affect the fair value of biological assets in future periods. Management has quantified the sensitivity of the inputs on the calculation of the fair value of the biological assets as follows:

	Change in FVLCS at	
	September 30, 2019	**December 31, 2018**
Input		
Selling price per gram - 10% change	$ 10,700	$ -
Harvest yield per plant - 10% change	$ 9,500	$ -

At September 30, 2019 the average stage of completion of the biological assets is 66.1% based on the number of days remaining to harvest. The estimated FVLCS of dry cannabis at September 30, 2019 is $108.74 per plant and the expected total yield is approximately 46,560 grams of cannabis.

Licenses consist of (i) a Health Canada cultivation license application acquired from certain shareholders of the Company in July 2018, and (ii) retail and cultivation licenses acquired in connection with the acquisition of the U.S. Targets in February 2019. The Health Canada cultivation license application is being amortized on a straight-line basis over seven years. The retail and cultivation licenses acquired in connection with the acquisition of the U.S. Targets are being amortized on a straight-line basis over 10 years.

The software intangible consists of eCommerce software acquired from certain shareholders of the Company in July 2018. The software intangible asset is being amortized on a straight-line basis over two years.

The trademark intangible asset consists of the Hype Cannabis Co. ("Hype") which is a registered California trademark owned by Alpine CNAA LLC (now Vibe Cultivation LLC) which was acquired in the Alpine Cultivation acquisition. The Hype product is sold in both the Port City and Alpine Alternative dispensaries in addition to being distributed to other third-party dispensaries through the Company's distributor. The trademark intangible asset is being amortized on a straight-line basis over 10 years.

The Company assesses whether there are events or changes in circumstances that would more likely than not reduce the fair value of any of its reporting units below their carrying values and therefore, require goodwill and intangibles to be tested for impairment at the end of each period. As a result of current economic conditions in the Canadian cannabis sector and the Company's focus on United States operations with no capital has been allocated to the Canadian assets to support the operations at September 30, 2019 and, as a result, the Company recognized a $1,881,065 intangible asset impairment charge related to the Health Canada permits, licenses and software that is no longer being utilized. Management allocated no capital to the Canadian operations the impairment was based on fair value less cost of disposal ("FVLCD"). The best indicator of FVLCD is the amount obtained from the sale of an asset in an arm's length transaction between knowledgeable, willing parties and as such the Company established FVLCD by reference to an estimated cost to obtain the Health Canada license. As a result, management has recognized the impairment charges described above.

Goodwill results from the acquisition of the U.S. Targets in February 2019 and is initially measured at the excess of the consideration paid over the fair value of the identifiable net assets acquired. Goodwill is not amortized but is subject to impairment tests at least annually. Prior to completing the acquisition of the U.S. Targets, the Company purchased a 20% non-controlling interest in Port City for $800,000. At the time of the U.S. Target acquisition, it was determined that the $800,000 carrying value of the initial Port City investment was impaired and a loss on investment of $415,000 was recognized in the unaudited condensed consolidated statement of operations and comprehensive loss in the nine months ended September 30, 2019.

The Company purchased land and buildings totaling $2,440,095 in the nine months ended September 30, 2019, of which $1,999,682 relates to the acquisition of land and buildings which currently hold the cultivation and dispensary locations acquired in the Alpine Cultivation and Alpine Alternative acquisitions. The consideration paid for the land and buildings consisted of $800,000 cash and the assumption of a note payable totaling $1,199,682. The $800,000 of cash was paid as a deposit in December 2018.

Buildings and equipment and other assets are depreciated on a straight-line basis over their estimated useful lives. Land is not depreciated but is subject impairment testing at least annually. There are no indicators that the carrying value of the land may impaired at September 30, 2019.

Construction in process consists of improvements and renovations being completed on the Company's buildings. In the nine months ended September 30, 2019, the Company completed an electrical system upgrade at Alpine Cultivation and Alpine Alternative and transferred $242,871 from construction in process to buildings. Depreciation on the assets associated with the electrical system upgrade commenced when the asset was transferred from construction in process which was the date the asset became available for use. The remaining balance in construction in process is not subject to depreciation until the underlying asset is available for use.

The Company did not dispose of any property and equipment in the nine months ended September 30, 2019 and there were no impairments of property and equipment at September 30, 2019 or December 31, 2018.

Net book value at September 30, 2019	**$ 639,723**	**$ 121,876**	**$ 761,599**

The Company initially adopted IFRS 16 effective January 1, 2019, whereby the amount recognized as a right-of-use asset was equal to the present value of the future lease payments due under outstanding leases at January 1, 2019. The right-of-use assets are being depreciated on a straight-line basis over the remaining term of the underlying lease as there are no options to acquire or otherwise transfer ownership of the underlying asset to the Company at the end of the lease term.

9. NOTES PAYABLE

The Company's notes payable consists of the following:

	September 30, 2019	**December 31, 2018**	**Total**
Note payable:			
Land and buildings	$ 1,172,590	$ -	$ 1,172,590

Notes payable, long term	**$ 1,145,868**	**$ -**	**$ 1,145,868**

In United States Dollars

The Company has a note payable outstanding related to the acquisition of land and buildings in Sacramento, California totaling $1,172,590 at September 30, 2019 (see note 7). The note bears interest at 6% per year, requires monthly payments of principal and interest totaling $9,314 and matures in April 2036.

The Company also has a note payable related to the acquisition of vehicle totaling $16,895 at September 30, 2019 which was assumed on the Alpine Cultivation acquisition. The note payable bears interest at 4.99% per year, requires monthly payments of principal and interest totaling $395 and matures in March 2023.

10. LEASE OBLIGATIONS

As described in note 8, the Company has two office leases for which a right-of-use asset and related lease obligation is recognized. The balance in lease obligation is as follows:

	Leases		
	Dispensary	**Warehouse**	**Total**
Balance at December 31, 2018	$ -	$ -	$ -
Initial adoption of new lease standard	-	133,304	133,304

Impact of foreign exchange	-	3,972	3,972
Total balance at September 30, 2019	653,877	123,848	777,725
Less current portion of lease obligation	(194,727)	(17,977)	(212,704)
Lease obligations at September 30, 2019	**$ 459,150**	**$ 105,871**	**$ 565,021**

The dispensary lease terminates on October 31, 2022 with monthly rent payments totaling $20,000 through the term of the lease. The lease contains no extension options. The Company's warehouse lease has an initial term ending August 31, 2020 with monthly rent payments totaling CAD $2,750 through the term of the lease. The lease has two options to extend for five years each. The measurement of the lease obligation assumes only the first extension option will be exercised. Neither the dispensary or warehouse leases contain purchase or early termination options and there are no requirements to purchase the underlying assets or any residual value guarantees at the end of the leases. The warehouse lease was terminated in October 2019.

The Company also has a lease for its head office which is not recognized as a lease obligation as the lease term is less than 12 months. Monthly rent for the lease totals CAD $3,000 with the lease term expiring in September 2019. The Company extended the lease to on a month-to-month basis and terminated the lease effective October 31, 2019.

The weighted average fair market value per option of approximately $0.33 (CAD) was estimated using the Black-Scholes option pricing model with the following assumptions: dividend yield – nil, expected volatility 88% to 115%, risk free rate – 1.47% to 2.21%, expected life – 2 to 4 years, an estimated forfeiture rate – 5% and utilizing the graded option method.

12. FINANCIAL INSTRUMENTS

The Company's financial instruments consist of cash and cash equivalents, accounts receivable, loan receivable (included in other assets), accounts payable, subscriptions received in advance, lease obligations and notes payable.

Fair Value Measurements

All financial instruments are initially recognized at fair value and subsequently measured at amortized costs except for the proceeds due on the sale of Atrum Shares included in accounts receivable which was measured at FVTPL with fair value calculated using Level 1 Inputs in the fair value measurement hierarchy (see note 3). The Atrum Shares were sold in May 2019 and the proceeds from the sale were received by the Company in August 2019.

The carrying value of cash and cash equivalents, accounts receivable, loan receivable (included in other assets), accounts payable and subscriptions received in advance approximately their value due to the short period to maturity of these instruments.

The fair value of lease obligations and notes payable is based on amounts owed to third parties and estimated internal borrowing rates (in the case of lease obligations) using current market price indicators which are considered Level 2 Inputs in the fair value measurement hierarchy.

Liquidity Risk

Liquidity risk includes the risk that, as a result of the Company's operational liquidity requirements:

- The Company will not have sufficient funds to settle a transaction on the due date;
- The Company will be forced to sell financial assets at a value which is less than what they are worth; or
- The Company may be unable to settle or recover a financial asset.

The Company's approach to managing liquidity is to ensure, within reasonable means, sufficient liquidity to meet its liabilities when due, under both normal and unusual conditions, without incurring unacceptable losses or jeopardizing the Company's business objectives. The Company prepares annual capital expenditure budgets which are monitored regularly and updated as considered necessary. Store sales are monitored daily to provide current cash flow estimates and the Company utilizes authorizations for expenditures on projects to manage capital expenditures. Any funding shortfall may be met in a number of ways, including, but not limited to, the issuance of new debt or equity instruments or expenditure reductions.

Market Risk

Market risk is comprised of two components: currency risk and interest rate risk.

i) Foreign Currency Exchange Risk

The Company operates on an international basis and therefore foreign exchange risk exposures arise from transactions denominated in currencies other than the United States Dollar. The Company is exposed to foreign currency fluctuations as it holds cash and incurs expenditures in exploration and evaluation and administrative costs in foreign currencies. The Company incurs expenditures in Canadian Dollars, United States Dollars and the Colombian Peso and is exposed to fluctuations in exchange rates in these currencies. There are no exchange rate contracts in place at September 30, 2019 and December 31, 2018.

ii) Interest Risk

Interest rate risk is the risk that future cash flows will fluctuate as a result of changes in market interest rates. The Company is not currently exposed to interest rate risk as it borrows funds at a fixed coupon rate of 6% on the promissory notes.

16. CONTINGENCIES

The Company's operations are subject to a variety of local and state regulations. Failure to comply with one or more of those regulations could result in fines or restrictions on its operations and losses of permits that could cause the Company to cease operations. While management believes that the Company is compliant with applicable local and state regulations at September 30, 2019, medical and adult use cannabis regulations continue to evolve and are subject to differing interpretations. Accordingly, the Company may be subject to regulatory fines, penalties or operating restrictions in the future.

From time to time, the Company may be involved in litigation or has claims sought against it in the normal course of business operations. On November 22, 2019, the Company received communication of a potential litigation claim and a proposed settlement amount of $550,000 CAD. The Company is of the view that the potential claim is entirely without merit and will vigorously defend any action brought forth. No provision for the potential claim has been recorded as at September 30, 2019.

Under the terms of certain agreements and the Company's by-laws the Company indemnifies individuals who have acted at the Company's request to be a director and/or officer of the Company, to the extent permitted by law, against any and all damages, liabilities, costs, charges or expenses suffered by or incurred by the individuals as a result of their service.

17. SUBSEQUENT EVENTS

Except as disclosed elsewhere in these condensed consolidated financial statements the Company had the following subsequent events:

In October 2019, the Company granted 450,000 options with a exercise price of $0.20 (CAD) and October and November 2019, 119,985 options with a weighted average exercise price of $0.65 (CAD) expired.
